About Goldfields Shopping Centre

The only shopping centre servicing the greater Thames area

Location

The centre sits on the beautiful Firth of Thames in the heart of the historic Thames goldmining town.

The surrounding outstanding bush and ranges provides a scenic backdrop for the town and its population of over 7,500 permanent residents and 14,000 in the primary catchment area.

The numbers swell in summer when the 22,000 dwellings on the peninsula are occupied. The Thames- Coromandel districts population of 27,000 grows by 6 times in summer.

The centre is only 6 kms from the Kopu Bridge and is an ideal stopover for holiday necessities.

BIG PLANS *inside*

The Goldfields Shopping Centre is in the planning stages for an ambience upgrade, and we are currently investigating ways of improving the customer experience while we push forward with the big plans

The existing and successful "pak'n Save" supermarket has received resource consent for an upgrade

The existing "The Warehouse" store is currently considering various upgrade and expansion options

Our existing toilets and customer facilities have resource consent for a relocation and will provide better toilets and a larger parents room

The food court will be revamped and rationalised with prospective tenants showing great interest

The existing "Postie" store has been upgraded to a "B" class store which allows for an expanded fashion range

And soon you will see builders on site while we install a great new space for Lincraft
